

## CASPIAN ARTS FOUNDATION POLICY STATEMENT

“The Foundation’s objects are to advance education in all spheres of the arts, in particular the education of disadvantaged young emerging artists from the Middle East. It is a core principle that the Foundation works in a way which is respectful of all cultural, ethnic, religious and national backgrounds. The Foundation is committed to supporting charitable activities which best further its objects without discrimination.

The funding it provides is to be made available within the Foundation’s objects, based on artistic talent and need, not by reference to cultural, ethnic or religious background or specific national origin.

The Foundation reserves the right to withdraw from funding and participation in relation to any charitable programme or activity that it considers departs from these core principles.”
